

# APOLLO CREASING MATRIX

Specifically designed to meet the needs of cost conscious print finishers, APOLLO Creasing Matrix is a precision engineered plastic counter creasing matrix with integral locator and mylor film base.

Available in an essential range of sizes in standard and off-centre configurations. All sizes are individually colour coded and labelled for easy reference and to minimise the possibility of mixing sizes during make ready.

COLOUR CODE / PROFILE mm / 0.001"	Board Thickness		Board Weight	Order Reference
	Microns	Thou 0.001"	GSM (gms/m <sup>2</sup> )	
<b>Standard Creasing Matrix</b>				
<b>PLATINUM</b> 	50 to 100	2 to 4	50 to 100	AP-050 - 040
